Project Details

Agilisys is one of the UK's most innovative IT and business software and services providers, helping our clients to transform their businesses through a suite of citizen-centric technology products. We deliver success through innovation, working with public sector partners to help them transform services that make a real difference to millions of people across the UK.

Agilisys has particular domain experience within local government, working with more than half of all authorities in the greater London and Manchester areas, as well as a number in Wales, the Southwest, and the Midlands

We have delivered successfully for the following technologies :

Government & Local Government, Outsourcing Industry clients:

- Networking & Infrastructure
- Application development technologies
- Outsourcing Projects
